Quick Start Guide

This plan helps you pay off debt using one of two proven methods: Snowball (smallest balance first) or Avalanche (highest interest first). You'll track progress monthly and stay motivated.

Do this in order (5 steps):

1

List every debt on the Debt List Organizer.

2

Choose Snowball (motivation) or Avalanche (saves more interest).

3

Pay minimums on all debts. Put any extra money toward your target debt.

4

When a debt is paid off, roll that payment into the next debt (the 'snowball').

5

Track progress monthly and celebrate milestones.

Tip: Consistency beats big payments. Even \$10 extra matters when you repeat it.
