
Food Budget Reset Kit

Groceries + Takeout Under Control

Instant Download | Start in 10 minutes

- **Weekly Food Budget Tracker (groceries + takeout)**
- **Grocery List Framework (by category)**
- **Meal Plug-In Plan (simple repeatable meals)**
- **Takeout Rules + Swap List (spend less without deprivation)**
- **Pantry/Fridge Check + “Stop Waste” checklist**

Quick Start Guide

Food spending usually leaks in two places: extra grocery runs and unplanned takeout. This kit sets a weekly cap, a simple meal plan, and rules so you stay on track.

Reset plan (5 steps):

1

Pick your weekly food budget (groceries + takeout combined).

2

Do a pantry/fridge check before you shop.

3

Use the Grocery List Framework and buy only what's on your list.

4

Choose 6–10 'meal plug-ins' you can repeat (easy meals).

5

Set takeout rules so it's planned—not impulse.

Tip: Repeat simple meals and track weekly—less thinking, less spending.

Weekly Food Budget Tracker

Track groceries + takeout in real time so you don't go over your weekly limit.

Week of			Weekly Food Budget		
Date	Groceries (\$)	Takeout (\$)	Total (\$)	Notes	
Weekly Total					

Grocery List Framework (By Category)

Shop faster and waste less by buying in categories.

Proteins	Vegetables/Fruit	Carbs/Grains
Dairy/Alt	Snacks	Frozen
Pantry Staples	Beverages	Household

Meal Plug-In Plan (Simple Repeatable Meals)

Choose easy meals you'll repeat. Less planning = less spending.

Meal Plug-In	Ingredients needed	Notes

Takeout Rules + Stop Waste Checklist

Use rules so takeout is planned, and stop wasting food you already bought.

Takeout Rules (pick your rules):

- Takeout only on planned days (example: 1–2 days/week).
- Set a takeout cap (example: \$____/week).
- Use what's in the fridge first before ordering.
- If you order, make it a planned meal (not impulse snacks).
- No delivery fees: pick-up only (optional).

Stop Waste Checklist (weekly):

- Check fridge for leftovers (use within 24–48 hours).
- Check pantry for duplicates before shopping.
- Freeze anything you won't use this week.
- Plan one 'use-it-up' meal from what you already have.
- Write your top 3 items to finish this week.
